

SELECTED WORKS / ACCRA, GHANA

# Neewoody Custom Woodwork

Bespoke furniture and architectural joinery, designed and built by hand for homes and institutions across Ghana. This catalogue is a selection of pieces we have made to measure.

CATALOGUE / VOLUME ONE

THE WORKSHOP

# Furniture made to measure, not made to fit.

Neewoody Custom Woodwork is a bespoke furniture and carpentry workshop based on Amugi Avenue in Accra. Every commission begins with the room it is built for: its dimensions, its light, the way it will be used. It is then drawn, cut, finished and installed by our own crew.

We work in laminate and solid hardwood alike: fitted wardrobes and kitchens, dining sets and beds, live-edge tables, and full institutional fitouts. The pages that follow show real installations in clients' homes and premises, with no renders and no stock photography.

Clients rate us 4.8 out of 5 on Google, from 14 reviews. We have designed, built and installed by hand from East Legon to the Volta Region.

# Fitted & Freestanding Wardrobes

Built-in, alcove and freestanding wardrobes in laminate and melamine: floor-to-ceiling storage, sliding and hinged doors, integrated drawers, dressers and downlights, fitted to the exact wall.

OYARIFA / 2025

# Floor-to-Ceiling Built-ins

Two greige oak-effect wardrobes for one property: a wall-to-wall master with four doors, overhead cabinets and a recessed downlight, and a narrow alcove guest unit with a six-shelf tower. Matte black hardware throughout.

# Interiors, considered

OYARIFA / ADENTA

Every wardrobe is planned from the inside out: hanging rails, adjustable shelving, drawer banks and cubbies arranged around how the room is actually used. At Adenta, a light ash alcove unit runs entirely handleless on push-to-open doors.

# Zoe, Cantonments

2026

A freestanding wardrobe in dark walnut-effect laminate: two-panel sliding doors above an integrated four-drawer chest in a 2 + 2 configuration, finished with matte black bar handles.

# Beds & Bedroom Pieces

Platform beds, four-posters, bunks and matching nightstands, built in solid timber and laminate, with feature headboards and integrated bases.

PLATFORM BED

# Bed & Matching Nightstand

A low platform bed with an integrated base and a matching nightstand, built and finished as a single bedroom set.

BEDS

# Frames & headboards

## Ridge Four-Poster

SOLID TIMBER

A clean-lined solid timber four-poster frame, built for a Ridge residence.

## Golf Hills Bed

FEATURE HEADBOARD

A platform bed with a full feature headboard, built for the Golf Hills estate.

## Montessori Bunk

CHILDREN'S ROOM

A low Montessori-style bunk built to a child-safe height with an open frame.

## Iroko Platform

SOLID IROKO

A solid iroko platform bed with a slatted timber headboard.

# Dining & Living

Dining sets built to one brief: tables, seating, consoles and banquettes in matched timber, designed as complete rooms rather than single pieces.

JUDITH, EAST LEGON / 2022

# A Hyedua Dining Room

A full dining room to one unified brief: a large-format table, six upholstered chairs with linen fabric panels, and a console with full-extension drawers and waterfall-edge sides, all in Hyedua finished in rich espresso.

# Golf Hills Estate

2021

A complete kitchen dining zone built and installed as one commission: a stained pine X-frame dining table and matching bench, a built-in L-shaped leatherette banquette with under-seat storage, and a timber-framed wall mirror above.

# Solid Wood & Statement Pieces

Hardwood at its most expressive: live-edge tables, hand-carved fronts and sculptural seating in Afromosia, Guarea and other Ghanaian timbers.

NADIA, DOME / 2025

# The Wave-Carved Chest

A Guarea chest of drawers carved with a continuous wave pattern running unbroken across every drawer front, with integrated recessed pulls and a walnut-toned finish. One of the most distinctive pieces in the portfolio.

# Ridge Residence

2021

An Afromosia live-edge dining table on solid timber U-frame legs, commissioned by French expatriates on posting in Ghana. The natural edge of the board is kept and finished as the defining feature of the piece.

COMMISSION A PIECE

# Let's build something for your space.

Every piece in this catalogue began as a conversation about a room. If you have a space in mind, whether a wardrobe wall, a kitchen, a dining room, or something we haven't made before, we'd be glad to talk it through and measure up.
